AS WE GO FORWARD INTO BUSINESS, LET'S TRY TO REMEMBER AND ADHERE TO THE . . .

TWELVE COMMANDMENTS OF GOOD BUSINESS

A CUSTOMER is the most important person in any business.

A CUSTOMER is not dependent on us — we are dependent on him.

A CUSTOMER is not an interruption of our work — he is the purpose of it.

A CUSTOMER does us a favor when he calls —we are not doing him a favor by serving him.

A CUSTOMER is part of our business — not an outsider.

A CUSTOMER is not a cold statistic —he is a flesh and blood human being with feelings and emotions like our own.

A CUSTOMER is not someone to argue or match wits with.

A CUSTOMER is a person who brings us his wants — it is our job to fill those wants.

A CUSTOMER is deserving of the most courteous and attentive treatment we can give him.

A CUSTOMER is the fellow that makes it possible to pay our salary whether we are a truck driver, plant employee, office employee, salesman or manager.

A CUSTOMER is the life-blood of this and every other business.

A CUSTOMER likes to trade with the progressive firm that supports the community.

INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, present to subscribers and the general public, this, the latest edition of Winston-Salem City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 city and suburban Directories).

Confidence in the growth of Winston-Salem's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Winston-Salem to the world.

The enviable position occupied by HILL's Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Winston-Salem City Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Winston-Salem, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation and address of each adult resident of Winston-Salem, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Winston-Salem.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

History

Rich and varied is the history of Winston-Salem, for the city of today is the products of two centuries of constructive, planned growth.

In 1752-53, a small group of Pennsylvania Moravians, a Protestant denomination of Bohemian origin, carefully selected and bought a large tract of land in Piedmont Carolina at the three forks of the Yadkin River. They named the tract "Wachovia" after the Austrian estates of Count Nicholas Louis Von Zinzendorf, an early protector-patron of the sect. Two settlements were established, Bethabara in 1753, and Bethania in 1759. In 1766, a new settlement was carefully laid out in the center of the Wachovia tract and built according to definite plans. The tranquility-loving Moravians named their new town Salem, meaning "peace."

The small town grew rapidly under the care of the industrious fathers. A water system was obtai-

lished and dwellings, stores and shops built. Tobacco was even then an important crop. The fathers consecrated a graveyard, "God's Acre," and founded a girls' school which has developed into the Salem Academy and College of today.

The Revolutionary War brought to the thriving town Nathanael Green's soldiers, and in 1781 Cornwallis passed through Salem. The years after the war until the middle of the 19th Century were marked by such events as the establishment of the Nissen Wagon Co. in 1787; a visit from George Washington in 1791; the dedication of the Home Moravian Church in 1800; the first edition of Blum's Almanac in 1828, and the opening of the first bank in 1847. Cotton and wool manufacturing companies had been organized, and Salem by 1850 was a prosperous center of religion, learning and industry.

By an act of legislature in 1849, Forsyth County was created from Stokes County. The county seat was established one mile north of Salem Square. In 1851, again by act of legislature, the new county seat was named "Winston" in honor of Major Joseph Winston, Revolutionary War hero. Salem was incorporated in 1766; Winston in 1849.

Winston developed rapidly as an industrial center and market. The year 1872 saw the first tobacco auction and the opening of the first tobacco factory. In 1885, the Chamber of Commerce of Winston and Salem was organized by far-sighted leaders who realized that together the two towns must build for the future. By the time of consolidation, Winston was already known for its textiles, hosiery, blankets, knit goods, tobacco products and tobacco market.

In 1913, by popular vote, Winston and Salem were consolidated as Winston Salem, the "Twin City." The new city took as its motto "Urbs Condita Adiuvando," meaning "A City Founded Upon Co-operation." This motto puts into modern phraseology the old Moravian concept of "Unitas Fratrum," "A Unity of Brethren."

Winston-Salem today is the leading industrial city of North Carolina and one of the South's leading industrial cities. The annual value of Forsyth County's manufactured product is over $1\frac{1}{2}$ billion.

The best of the old and the best of the new blend to make a progressive city still marked by a deep religious atmosphere, a love for music and arts, and a zeal for broad educational development. As did their fathers of yesterday, far-sighted citizens of today build always for the greater city of tomorrow.

Old Salem, Inc., 600 S. Main St., is headquarters for the restoration of the quaint Moravian village, founded in 1766. Here may be seen a scale model of the village as it looked in the early days, and current exhibits.

Wachovia Museum, corner S. Main and Academy Streets, has on display a large collection of Salem Antiquities and objects belonging to early Winston. A part of the collection is housed in the old Boy's School, built in 1794 and restored in 1954. Boys' School is still under its original tile roof.

Salem Tavern, 800 S. Main St., erected in 1784, was the first brick building in Salem. George Washington visited the Tavern in 1791 during his Southern Tour. As a house museum, it now offers visitors a glimpse into one of the South's best known 18th century inns.

Lick-Boner House, 512 S. Liberty St., 1787, was the first project of the eleven completed Old Salem restorations in a long-range program. John Henry Boner, the North Carolina poet, was born in the house in 1845.

Home Moravian Church, S. Church St., erected in 1800, was the heart of the early Salem community, and is the center of the Moravian Church activities in the South. It is here that the opening scene of the Moravian early Easter morning service is held. This Easter Service, one of the most widely known religious services in America, has been held for 204 years, and attracts from 30 to 40 thousand visitors annually.

A consolidated City-County School System serves the area. The buildings are attractive, well-equipped, and set in spacious grounds providing adequate facilities. New elementary and junior high schools have been built. A new Career Center and Administration building has recently been completed.

Salem Academy is a day and boarding school for girls. There are several private and parochial schools in the city, with the parochial schools having both elementary and high school units. The grade levels of instruction are:

1 Instruct Grades 1-4	2 Instruct Grades K-2
2 Instruct Grades 1-6	2 Instruct Grades K-6
1 Instruct Grades 1-8	2 Instruct Grades K-7
2 Instruct Grades 1-12	3 Instruct Grades K-8
1 Instruct Grades 7-12	4 Instruct Grades K-9
2 Instruct Grades 9-12	1 Instruct Grades K-11
	1 Instruct Grades K-12

Special Schools--Includes in this category are facilities for instruction of the mentally retarded and physically handicapped, and a Montessori school.

Four colleges are located in the city: Salem College, one of the nation's oldest leading four-year colleges for women, founded in 1772; Bowman Gray Winston-Salem State University, co-educational Institution; and Wake Forest University, a 142-year old, four-year college for men and women. The school is located in a new, modern plant housing over 4,116 students. It moved to its new campus during the summer of 1956.

The North Carolina School of the Arts opened in September, 1965, on the campus of the former Gray High School. It provides instruction in dance, music and drama for 600 talented high school and college students from North Carolina and many other states.

City Government

Winston-Salem has the council-manager type of city government. The city is incorporated, operating at present upon a charter codified and revised in 1927, with amendments made since. The city is divided into eight wards, with one alderman being elected biennially from each ward, making the governing body of the city a board of aldermen of eight plus the mayor. The Board of Aldermen appoints the city manager.

County Government

Five commissioners, elected for overlapping four-year terms, make up a board of commissioners who serve as the governing body of Forsyth County.

The county is divided into 80 precincts. To be eligible to vote in county elections, you must be a resident of North Carolina for 30 days.

Recreational Facilities

Fifty-two parks and playgrounds have athletic fields, picnic areas and special amusement features. The largest park is Reynolds, one of the South's finest municipal recreational centers. The city has an average of more than ten acres of playground for each public school.

Numerous amateur and "semi-pro" baseball, basketball and softball teams have regular schedules of games. Ten eighteen-hole golf courses and one 36-hole course, and a mild climate make golf a year-around sport. Ten swimming pools and nineteen motion-picture theatres are located in the city. The

R. J. Reynolds Memorial Auditorium and the Bowman Gray Stadium are available for special events. The Y.M.C.A. and Y.W.C.A. provide recreational programs and the City Recreation Department conducts extensive supervised activities.

The Memorial Coliseum seats 8,600 and brings many attractions to the city. The Coliseum accommodates ice sports, agricultural shows and conventions.

Winston-Salem is a gateway to both mountain and seashore resorts. Some of the loveliest Carolina beaches lie 225 to 250 miles east and south, while cool mountain retreats are about sixty miles west. The famed Blue Ridge Parkway, leading to Shenandoah National Park and Great Smoky Mountains National Park, is some sixty miles northwest.

Cultural Opportunities

Winston-Salem has many cultural activities and organizations. The Colleges of the community provide numerous concerts and lectures throughout the year. The member organizations of the Arts Council provide series and individual programs and courses. These members are Arts and Crafts Association, American Guild of Organists, Associated Artists, Children's Theatre Board, Civic Music Association, Film Friends, Jaycees, Junior League, Junior Woman's Club, SPEBSQSA, Dance Forum, Gallery of Fine Arts, Little Theatre, Winston-Salem Symphony Association, which has a full-time paid conductor, and The Moravian Music Foundation.

Downtown Winston-Salem

Public Library of Winston-Salem and Forsyth County has over 300,000 volumes.

Hospitals and Medical Facilities

Three first-class hospitals, Forsyth Memorial, Medical Park and North Carolina Baptist, have a total of 1,491 beds. There are three convalescent homes in the city, the City-County Health Clinic, and the full-time City and County Health Department with splendid records in disease-prevention.

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Less than 600 firms in the U.S. have earned the right to display this symbol. We're one of them

Why are there so few of us? Because to become . . . and remain . . . an accredited member of the Guild of Prescription Opticians of America requires maintaining top quality standards and being completely independent of any eye physician or other prescriber. Members are subject to strict audits of business practice, facilities, quality and service standards. To keep our accreditation, we must also meet continuing education requirements.
Why should you care? Because the Guild seal is your best assurance of first-quality eyewear services, the kind of services that help you see . . . and look . . . your best.

MULTIPLE LISTING SERVICE COOPERATIVE REAL ESTATE SALES

The basic philosophy of Cagle Realty, Inc. is simple: to perform each service in such a way that the people we serve will think of us as "their" real estate agent, just as they think of their doctor, their attorney, etc. In other words, we are as conscious of the future business of that particular customer or client (there is a difference!) as we are of the current business. Therefore, every effort is made to attend to details — whether we are building, selling, leasing or developing.

HOMEOWNERS

By having and using your own copy of the local City Directory, you can positively identify—and reach—the kind of person, business firm and family that are most likely to be in the market for the type of product or service that you sell. Through the City Directory you'll be reaching the individuals and businesses with the top purchasing power in your community . . . those who consistently buy when they want to buy, not when they have to.

By advertising in your local City Directory, you can make sure these same people can identify and locate YOU.

You join with the backbone of your community business life: you become an integral part of the permanently established, successful firms in your community when you advertise in your local City Directory. This is prestige advertising without the financial penalties normally associated with prestige advertising.

NEW NEIGHBOR

Be certain that everyone in your organization is carefully instructed and thoroughly familiar with the information it contains and how to use it. To assist you, the publishers have included detailed instructions on the opening pages of each of the four Directories which should, in a general way, familiarize each user with its contents and applications.

Also, should you desire additional copies of these instructions, please write the publisher at the address in the front of your Directory.
